Re: FOIA Request DOC-NOAA-2018-001253

Dear FOIA Officer,

The National Oceanic and Atmospheric Administration (NOAA) received a Freedom of Information Act request entered into FOIAonline April 19, 2018, from Kristopher Jones, in which he requested access to copies of records related to, “the Maintenance Dredging of Under Berths and Fairways at Emery Cove Marina Condominium performed by Curtin Marine in 2017 located in Emeryville, CA (‘Project’).”

During our search for records, we identified four documents that originated with the Environmental Protection Agency (two documents include portions from the Army Corps of Engineers, which has been referred to that agency). Therefore, according to DOC regulations 15 C.F.R. § 4.5(b), we are referring Mr. Jones’ request to your office for a review/release determination. We will advise the requester that he will receive a direct response from your office.

Thank you in advance for sending NOAA a copy of your response to the requester. If you have any questions concerning this referral, please contact me at telephone number (562) 980-4008.

Sincerely

Ana Liza Malabanan  
FOIA Coordinator, West Coast Region  
National Marine Fisheries Service
